

Who are we?

Tanya's Dream Fund provides grants for implementing projects to support families in caring for their children.

What do we dream for?

A Bulgarian society where families are able to provide nurturing care for their children.

How are we going to achieve our dream?

By speeding up the necessary changes in attitudes, laws and the child and family protection system to keep the family together when facing major difficulties.

What do we believe in?

- ★ The family is the leading character in the story of its own life. It has the strength to address difficulties and make the most appropriate decisions for their children.
- ★ We are led by human rights and their implementation.
- ★ We support equality, difference as diversity, everybody's right to participate.
- ★ We seek to speed up sustainable decision making and coming up with novel ideas that can also be adapted by other countries.
- ★ We are open in our relationships with our partners and learn together with them.
